**Newsletter August 2016**

**Price:**

**Available:**

CMC has announced the release of the next new model:

**M-143 Mercedes Transporter Blue Wonder**

**€ 349 September**

The model is a Revised Edition of model M-036, with newly discovered exterior details, like chromed wheel covers, a Mercedes star inlaid in the front, and auxiliary head lamps with colored lens. Also there's a rear plate illuminating system with two reflectors and an oval national symbol "D" on the rear bumper.

Somewhat later (probably in a couple of weeks) this model will also come in a limited Edition "bundle" (no. M-163) including the Transporter with a "Dirty Hero"-version of the Mercedes 300 SLR:

**M-163 Blue Wonder Transporter + Merc. 300 SLR #701 Dirty Hero LE 1000 only**

**€ 709 September**

This Dirty Hero-model will only be available in this set.

In case you have pre-ordered the model M-143 (the Transporter on its own) I will soon send you a confirmation and the invoice. As I'm preparing things for the Goodwood Revival at the moment (7-11 September) and CMC is so "kind" to send the transporters in boxes of 2 (they all need to be re-packed) I won't be able to send the models until I'm back from Goodwood (Sept. 12/13). Thank you for your patience and cooperation.

In case you still want to switch from the single Transporter M-143 to the bundle M-163, please let me know now, if possible before Friday 2nd of September.
