

NEWSLETTER 26.01.2020 CMC NOVELTIES 2020

CMC have now announced their novelties for 2020, as they will be presented at the Nuremberg Toyfair. 2020 will be the year of CMC's 25th Anniversary, with a new catalogue, a book and a 14-carat "gold" model/copper alloy fine-casted body of a Ferrari 275 GTB/C. Apart from the 25 years Anniversary catalogue/book and special models (M-222 and M223), 2 new versions of the Pullmann have been announced (white and red, M-215 and 216), another Pullmann Landaulet (M-217, 2 tone finish beige/brown), a Pullmann with sunroof (M-218, blue) and a Mercedes SSK "Black Prince" (M-225), this time in 1:18 scale with a lot more detail than the earlier made 1:24 scale model. Furthermore 3 Modelparts displays of the Ferrari GTO (blue, yellow, silver) will be produced, in order to meet the high demand of customers for this display. As you may remember, in 2019 a lot of customers had to be disappointed because of the huge number of orders for the red version.

Due to the relocation of the Chinese factory from Shenzhen to a nearby town/village the production of models is behind on schedule. App. 17 (from 34) novelties announced in 2018/2019 have not been yet released. In addition to the models-still-to-be-produced from 2018/2019 following new models have been announced:

FURTHER NEWS: From what I understand CMC will show pictures/posters on their booth at Nuremberg indicating the models they intend to make in the future:

BMW 328

Porsche 904

Alfa Romeo P3

Attached to this Newsletter I'm sending you my price-list for the Novelties 2020 (including the models still to be produced from 2018/2019). In case the price has changed compared to the price announced in 2019, the new price will apply. This concerns the models M-204 (Pullmann sunroof) and M-205 (Pullmann Landaulet). Prices for these models have increased considerably, probably due to the high costs of development, extra costs for packaging/transport for these big models etc.

If you don't want to pay the new price you can cancel your order free of charge.

In a second newsletter I will send you CMC's Pressinfo to the new models and some available pictures.

In case you want further information please let me know.

Later this week (probably tomorrow) I will send you a list of models in stock including the models still available from CMC. Until 2nd of February you can order most of these models with a discount of 10%.

PRE-ORDERS

New models:

In order to obtain your models at my pre-orderprice, please send me your order by email before Feb. 2nd. 2020.

In case you have already ordered some of the earlier announced models please reconfirm. If you don't know/don't remember exactly what you have on order please send an email and I'll let you know.

Please send your orders as soon as possible, in order to avoid disappointment of a model being sold-out or higher prices.

THANKS !
