

Due to a cancellation of a long-time customer (for good reason), the models I kept for him here at home become available again. All these models are new in their boxes and have never been opened. The models include:

A-027 BUGATTI 57SC Atlantic Diorama Barn Find, 2020, Lim. Ed. 40 pieces only

No longer available from CMC, all models were sold in no-time

A masterpiece of architecture model: CMC Bugatti 57SC Atlantic Diorama Barn Find, Special Edition 2020.

The "CMC barn find" diorama was created in elaborate, precise manual work using the highest quality materials. Each CMC Vintage Diorama is one of a kind.

A lot of love for detail was necessary to build this CMC "barn find diorama". The supplied showcase is characterized by elaborately handcrafted wooden planks and a lid made of real glass. Let yourself be enchanted by the details of the diorama.

M-200 Mercedes-Benz 600 Pullman, black

No longer available from CMC.

Description of the original vehicle: The Mercedes-Benz 600 with sunroof, also known as the W100, was a state-of-the-art vehicle crafted by the Daimler-Benz during the 1960s and 1970s. This stylish vehicle was used worldwide for and by the upper echelons. It served as an epitome of perfection, high-end technology, comfort, exclusivity and uniqueness. The Pullman was and is still the largest passenger car in the post-war era.

In addition to state-sponsored use, international celebrities in politics, business, aristocracy and show business also chose to own and ride in a Mercedes-Benz 600 proudly. The "Big Mercedes" debuted at the Internationale Automobil-Austellung (IAA) in Frankfurt in September 1963.

Several editions were offered, including Pullman Limousine, Pullman Sedan and Pullman Landaulet.

M-215 Mercedes-Benz 600 Pullman “White Swan” Lim.Ed. 800

Sold out at CMC

Description of the original vehicle: An extraordinary model with an extraordinary story to tell. In the 1960s, a US industrialist of German descent ordered two 600s from Mercedes-Benz, one with a short wheelbase and another with a long wheelbase and a Pullman body. He had both of them finished with a white exterior and a cream-coloured interior. Legend goes that he expected both cars to return to Germany someday and find a new owner together. As a result of this widespread legend, the limousines have become known as "White Swans".

M-218 Mercedes-Benz 600 Pullman “King of Rock’n Roll” Lim, blue, Ed. 800

Sold out at CMC

Description of the original vehicle: The colour combination of this 1969 vehicle is relatively subtle. Discreetness was what its first owner, the “King of Rock’n Roll”, had in mind for his cars. In the original layout of this car, there was a TV set in the passenger compartment, recognizable by the large antenna on the rear lid.

Elvis Presley Fans of Nashville

April 6, 1970: Elvis purchased a 6-door 1969 Mercedes-Benz 600 Pullman Limousine. The purchase was made at Mercedes Benz of Hollywood.

Elvis was driven around in the Mercedes in Beverly Hills. The car can be seen in the documentary “Elvis on Tour.”

The Mercedes-Benz 600 (W100) is a large ultra-luxury sedan and limousine produced by Mercedes-Benz from 1963 to 1981. Only 2,677 Mercedes-Benz 600 were built. The car features a long wheelbase as a 4-door "Pullman" limousine (with two additional rear-facing seats separated from the driver compartment by a power divider window, of which 304 were built), and a 6-door limousine (with two forward-facing jump-seats at the middle two doors and a rear bench-seat).

The Mercedes is currently on display at Presley Motors inside the Elvis Presley's Memphis complex located in Memphis on the Graceland campus.
